The Wonder Woman of America

By

Professor A. R. Choudhary

Summary:

In the February issue we presented to you [Ilhan Omar](#) as the Muslim Hero in the US Congress. In our March issue we discussed how she had since become a National Hero. The April issue continues this present day saga because Ilhan Omar has continued her herculean accomplishments in the US Congress. She has now become the wonder woman of the entire continent.

She has strength, intelligence, and courage to face the consolidated waves of attacks from AIPAC, Zionist groups, white supremacist terrorists, and the president of USA. She looks frail, giving the appearance that the waves would sweep her away. In reality she is strong and courageous, and to the utter disappointment of her attackers she has stood her ground and prevailed with a smile. Indeed she is more than a wonder woman because she has accomplished all this in real life, not just acted it out in a movie.

This has been possible because she is confident in her cause and totally unafraid of the wickedness that threatens her. The president of the country shamelessly attacks her. 23 of her Congressional colleagues unashamedly vote against a bill that condemns hate and bigotry, complaining that the bill did not explicitly single her out as the target. Watch

her videos and read her words and appreciate the strength and courage that she musters in the face of death threats from white supremacy terrorists, political oppression from AIPAC and the Zionists, and the character smearing by the President. And these are not the only Dark Forces; there are the Christian Right, the Evangelists, and the Republican Nay Sayers.

The Dark Forces have already started plans to unseat her in the 2020 elections. There is, however, no need for worry if we play our role as a community. We must out donate for Ilhan Omar, we must out campaign for her, and we must out vote for her to victory in 2020. That we can readily accomplish in spite of the threatening circumstances. The strength of the Dark Forces is undone because the US voters have understood their high handed tactics and seen through their media blasts.

There is a solid example. Republican Gregg Nelson lost to Democrat Ibraheem Samirah in the special election to fill state Sen. Jennifer B. Boysko's open seat in the House of Delegates. Sameerah was attacked with Anti Muslim phobia as well as the full blast of Antisemitism accusations. Sameerah nevertheless prevailed with 60% of the vote in a three way race.

Yes we can!

In order to do it for Representative Ilhan Omar in 2020 we must remember the lessons learned from the experience of Ibraheem Sameerah in VA. There are three critical factors: volunteers for the campaign, the support of the community, and the campaign coffers. We the Muslim community in USA must get organized in support of Representative Ilhan Omar and [DONATE](#) generously. Now a days money is very important to win a race in the US elections.

Some Links for Details

As soon as Representative Ilhan Omar took the oath of office, Muslim bashing started right away. That is the first thing AIPAC and Zionists do; to intimidate the critics into submission or silence. Easiest bullet to fire was the accusation of Antisemitism. There was strong pressure from AIPAC and the Zionists to make an example of Rep. Ilhan Omar. They pushed Speaker Pelosi to pass a resolution in the house to squarely blame Ilhan Omar of Antisemitism. Pelosi might have obliged but Ilhan Omar is not alone in the Congress. Many many members of the Congress [pressed Pelosi](#); firstly not to blame Rep. Ilhan Omar personally because what she said was critical of the politics of Israel and it definitely did not amount to Antisemitism; secondly, Antisemitism is not the only problem, or even the main problem in USA. The real problems are the prevalent racism,

bigotry, Islamophobia, white supremacy, and antisemitism. Hence, the resolution that was passed by Pelosi greatly disappointed AIPAC and the Zionists.

This experience told AIPAC and the Zionists that Congress woman Ilhan Omar was not an easy target. So they momentarily backed off. Then AIPAC influence mongering created another situation. The [President of USA](#) obliged with his own [unhinged](#) onslaught. But it backfired again. The unafraid members of the Congress pressed the Speaker to respond. Pelosi finally came through to accuse Trump of spreading hate against Rep. Ilhan Omar and [endangering her life](#). One man in NY was actually [arrested](#) for threatening to kill Rep. Ilhan Omar.

Let us, however, remain vigilant as to what comes next.

Conclusion:

The truth is that Ilhan Omar simply highlighted the way [Muslims in USA feel after 911](#). The Dark Forces [twisted](#) it in a wicked way.

Rep. Ilhan Omar used her wisdom and courage caused the wickedness of the Dark Forces to backfire. That made Rep. Ilhan Omar the wonder woman of North America.

USA greatly benefits from the election of Ilhan Omar to the US Congress. As regards the Muslim community in USA, Ilhan Omar is the biggest if not the only hope at the moment. You know that AIPAC and the Zionists are ready and bent upon unseating her with their big money and influence. As a community we must not fall short of the occasion. The election of 2020 is around the corner. We do not want our only hope to die young. So come out and [give](#) your support.
